Product Summary

Built in Under Counter Fridge with Ice Box

Product Description

The **HUT1622** fridge offers 96 litres of space for you to store your fresh food, and includes great storage features such as the egg holder and the butter box for all

your dairy goods.

There's also a vegetable crisper drawer which helps to keep your salad items crisp and fresh.

With Hygiene+ Technology, your fridge has antibacterial protection, helping to keep your fridge clear of harmful bacterial growth, and a better environment for your perishables.

Getting cooler

The 4-star icebox provides 19 litres of freezing space for small frozen items. You can freeze up to 11 kg of fresh food within 24 hours, and there's an adjustable thermostat for great control over your cooling.

Energy efficient

The **HUT-1622** boasts an A+ rating for energy efficiency, bringing you a great performance without the worry of high energy bills.
